Apologies

Langdon Gould
Chris Rutherford

Fire season preparation & maintenance.

Trucks	<p>Checked the trucks and gear. Cleaned the trucks. Drove trucks to the junction of the rivers and tested the pumps and hoses. Issues identified with 7A and the coupling. Bruce photographed issue for the records and to assist in repair.</p> <p>The 7A truck was loaded up with the gear that needed to go to town to be fixed. Bruce is taking it to Cooma later in the week.</p>
Shed	Shed clean-up was conducted. One of the blowers was used to ensure that it was working and to assist in the clean up the dust & leaves out of the shed.
Working bee BBQ	Barbara, Belinda and Allison also assisted with the cleaning of the trucks, the shed and arranged the BBQ.
	All good preparation for the fire season approaching.
